

- What challenges did you encounter with this assignment, if any?
It took me a while to figure out how to use unittest.
- What did you think about the requirements specification for this assignment?
It is pretty clear.
- What challenges did you encounter with the tools?
All good.
- Describe the criteria you used to determine that you had sufficient test cases, i.e. how did you know you were done?
I have to test that everything happens.
